Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Rat and Goose Fight.

A very large rat and a goose fought to a finish Monday in the chicken yard of Mr. John R. McDermott, the popular manager of the Postal Telegraph Company, the goose winning out in the first round by shaking Mr. rat to death. Mr. and Mrs. McDermott were engaged in feeding a lot of chickens and geese, when the rat came from underneath the house and running close to a goose seized a small chicken by the back of the neck and tried to drag it under the house. Hearing the cries of the little chick the goose reached for the hungry varmint and seizing it likewise by the back of the neck threshed it against the ground till it fell limp and dead. Mr. McDermott witnessed the unequal conflict, which was fast and furious and pronounced the goose as being superior to that of a cat in making away with a member of the varmint family.
